2-day Workshop on “Beckman Oral Motor Assessment & Intervention”

Course Code:(CA-19B-15)

Speaker: Ms. Soby Ka-wing So

Ms. So is a certified instructor of the course 'Beckman Oral Motor Assessment and Intervention'. She is an experienced speech therapist working with a variety of disability groups in special child care centres, special schools, sheltered workshops as well as hospital and community rehabilitation settings. She has applied the Beckman Oral Motor Assessment and Intervention Protocol for more than 15 years, serving newborn to geriatric clients with oral motor impairments. She has been involved in undergraduate clinical education since 2003 and is currently supporting new speech therapists on their clinical practice in SAHK. She has published books on OM training and dysphagia management with her team.

You will learn

- The assessment battery for determining oro-facial movement patterns using the Beckman protocol
- Compensatory handling techniques for tonic bite, tonic bite on a utensil, slow oral transit, tongue thrust, cough, gag and vomit
- Oral motor intervention techniques

Course Fee

- Early Bird: HK \$5,000 (on or before 14 Feb)
- Standard: HK \$5,800
